Age 3-4 **LEGO® World (English)** 09:30-11:30

■ 16-18/7
 ■ 06-08/8 **Be a Civil Hero**

■ 23-28/7
 ■ 13-15/8 **Story Time**

■ 30/7-1/8
 ■ 20-22/8 **I want to be...**

Let's have a role play to be a Policeman, Doctor, Fireman, or any other hero that you want to be. Don't forget to build your own working place, it could be a police station, hospital, or a fire station. Now you are ready to be a civil hero!

Story time! Every classic story starts with "Once upon a time...", but our story not anymore. Go get your LEGO, build your favorite classic story out of bricks, and we'll start with "Once upon in a LEGO world..."

Teacher, Zoo Keeper, Waitress, Artist. There are a lot of interesting jobs that people could do. Have you ever wondered to be one of them? Teaching ABC's, feeding the animals, or painting with the colors of the rainbow. Let's start building your dreams with LEGO.

Age 5-6 **LEGO® Adventure (English)** 14:00-16:00

■ 16-18/7
 ■ 06-08/8 **Explore the World**

■ 23-28/7
 ■ 13-15/8 **Gear up and Go!**

■ 30/7-1/8
 ■ 20-22/8 **Get to know Different Weather**

There's no mountain high enough, no ocean deep enough. The world is not too big to be explored. Before getting ready, let's imagine and build your special vehicle who could launch out of the space, boost fast into the lost city, or strong enough to pass through big rocks!

Do you ever wonder what makes a car move from one place to another? Or what makes the minute and hour hand could spin around the clock? Let's be friends with gears, axles, wheels, and beams.

Nowadays, you can feel the rain, warm up under the sun, and dance in the spring breeze during the year. But, have you ever wondered how does it feels like living in the past and how it will be in the future? Let's build an adventure ship that could sail into different kind of weather.

Age 7-8 **LEGO® Inventor (Cantonese)** 10:00-12:00

■ 16-18/7
 ■ 06-08/8 **World of Gears**

■ 23-28/7
 ■ 13-15/8 **Roaring Lion**

■ 30/7-1/8
 ■ 20-22/8 **Airplane Rescue**

What makes a merry-go-round spin properly? How does a clock work? Yes you are right! The gears. Let's create other spinning objects combining gears with the simple machines set.

Are you ready to be a little programmer? Yes, you could build your own lion, create it with his mouth open and close repeatedly. Don't forget to complete it with the 'roaring' sound, of course.

Why do you think people enjoy riding on a Airplane? Customized your Airplane with your own programming. You could adjust the speed, or using the sensors to make your plane stop the propeller for awhile.

Age 9-10 **LEGO® Robotics (Cantonese)** 14:30-16:30

■ 16-18/7
 ■ 06-08/8 **4x4 Extreme Racer**

■ 23-28/7
 ■ 13-15/8 **Ferocious Creature**

■ 30/7-1/8
 ■ 20-22/8 **Mindstorms Ball Coaster**

Have you ever wondered how you can use a remote controller to control a car? Come and learn how you can make use of Bluetooth connection to move another car. Put it on a test and race against your friends.

Roar!! Roar!! What is that creature over there? Can he fly in the sky or swim in the water? Can he make sound that sounds like a lion? Let's come and find out.

Create a Ball Coaster and let the ball go lose. Up a track and down the slope, who knows where the ball will be stopped.

Terms and Conditions:

- 1) Course application will be processed on first-come-first serve basis.
- 2) Tuition cannot be refunded or transferred to any third party after schedule is confirmed.
- 3) NO changes on class schedule and center location would be available for any workshops once the enrollment is done.
- 4) Classes will be cancelled once Typhoon Signal No. 8 or Black Rainstorm Signal is hoisted.
- 5) Pigeon City Creative Computer Training Centre reserves the rights on any changes.
- 6) Pigeon City Creative Computer Training Centre cannot be held liable for injuries or illnesses which children may sustain from their participation in any of the activities.
